## RoHS Directive 2011/65/EC

Dear Customer,

We herewith certify that all printed circuit boards with lead-free surfaces are compliant with the European directive on the **Restriction of the use of certain Hazardous Substances** in electrical and electronics equipment.

Note that this compliance applies to PCB's with following lead-free surfaces:

- lead-free HASL (SN100C)
- immersion NiAu
- immersion NiPdAu
- immersion Sn
- OSP
- roller Tin
- immersion Ag

Mouscron, 16-08-18
